

## DC POWER SUPPLY FOR OLT STANDALONE G4S / G8S

**Description** DC Power Supply used in GPON standalone optical concentrator, used in FTTx networks (Fiber To The X). Each concentrator allows the use of two power supplies (that can be AC or DC), in redundance mode.

**Product Type** equipment

### General Characteristics

	Min	Máx	
Operating Temperature	0	50	°C
Storage Temperature	-40	70	°C
Relative Humidity	0%	90%	Non-condensing
Power		50	Watts
Power Supply	DC -48/-60V		

- Hot-swappable power units;
- Indicative LEDs.
- $\pm 2$ kV Surge Protection

**Warranty** 1-year warranty

**Items Included**

- 1 DC Power Supply for Standalone GPON Optical Concentrator;
- 1 Power Cord DC -48V;
- 1 Serial Cable (DB9 – RJ45).
